THE CRAIG BODDINGTON SALMON FISHING TOURNAMENT August 3rd – 6th, 2018

WITH THOUSANDS \$\$\$\$ IN PRIZES!

Limited spaces available for this tournament

Craig Boddington is a world renowned author and television personality. Known as the “*Dean of African Hunting*” he has authored over 3500 articles on hunting the world. Craig has enjoyed fishing with us at Black Gold and wrote a story in the Safari Times September ‘09 issue. In that story, Craig talked about the “*cross-over-sportsman*” – hunters that fish and fishers that hunt. That gave us the idea for this tournament.

It’s no secret that tournament host, *Jim Rough of Black Gold Lodge* is an avid hunter-fisher and has done both on more than a few continents. This tournament, is what we call “*the derby with a difference*”. Almost all prizes are hunting Safaris with a few world class fishing destinations to be sure there is something for everyone. These prize Safaris are on three continents - North America, New Zealand and Africa. ***Read the pages that follow for full descriptions of these prizes...***

LIFE-FORM TAXIDERMY

After your hunt in Africa your trophies are the MOST important thing. Don't trust your taxidermy work to anyone but the best. Your decision is to last a lifetime and if it's poor quality you will live with it forever.

Most quality Outfitters agree Life Form Taxidermy is by far the BEST. Check their web site, it in itself is a testimony to going the extra distance, this new and innovative way of thinking is what Life Form is all about.

Simply choose a photo you like and give them the photo number. No guessing No mistakes, this is the best Taxidermy web site ever. This along with their unsurpassed work and attention to detail, is the deciding factor, making Life Form Taxidermy the ONLY true choice. You can ask for and will receive a final photo of your display to be approved by yourself or the work does not leave the studio. One of the only studios that after receiving your deposit WILL answer every e-mail as promptly as possible.
