THE CRAIG BODDINGTON SALMON FISHING TOURNAMENT August 5th - 8th, 2022

WITH THOUSANDS \$\$\$\$ IN PRIZES!

Limited spaces available for this tournament

Craig Boddington is a world renowned author and television personality. Known as the “*Dean of African Hunting*” he has authored over 3500 articles on hunting the world. Craig has enjoyed fishing with us at Black Gold and wrote a story in the Safari Times September ‘09 issue. In that story, Craig talked about the “*cross-over-sportsman*” – hunters that fish and fishers that hunt. That gave us the idea for this tournament.

It’s no secret that tournament host, *Jim Rough of Black Gold Lodge* is an avid hunter-fisher and has done both on more than a few continents. This tournament, is what we call “*the derby with a difference*”. Almost all prizes are hunting Safaris with a few world class fishing destinations to be sure there is something for everyone. These prize Safaris are on three continents - North America, New Zealand and Africa. ***Read the pages that follow for full descriptions of these prizes...***

SAFARI PRIZE LIST

NEW ZEALAND BULL TAHR This 5 day Bull Tahr hunt is hosted by CROC ADAMS of **Southern Mountain Adventures New Zealand**. This outfit has the GO TO location for Tahr hunting, as it holds some of the best trophy Bull Tahr available. This family-based enterprise in Lake Wanaka, a small alpine town just a one hour drive from Queenstown.

Glen Lyon station, is a 100,000 acre privately owned property. This is the most beautiful area I have ever been to. Croc is a great guy and one of the best guides in New Zealand. This is a Bull Tahr hunt but all other New Zealand huntable game is also available.

BRITISH COLUMBIA SALMON FISHING Tournament host, **Black Gold Lodge**, will donate four – standard package trips for ONE person each. Prizes to be for our Friday – Monday trips for the next season (space available). We have operated our Lodge in Rivers Inlet for 32 years and have been growing steadily. This can only happen by offering quality service and equipment. Rivers Inlet is world renowned for it's huge Chinook Salmon, in fact the world record Chinook was caught off the mouth of the inlet. During work on the hatchery programs in the fall of each year, Chinook of 100 lbs. plus are regularly found in the river systems. This along with over-sized Coho Salmon entering the Inlet each summer puts Rivers Inlet in a class all it's own. All other pacific salmon and the usual assortment of bottom fish – Halibut, Ling Cod etc. are available as well. Situated on the rugged central coast of B.C. it is a haven for all the marine mammals. Jim Rough along with his wife Brenda will be your hosts for these donated fishing trips.
